

More than 70,000 kids have dropped out of our schools since 2002*

*Council for a Better Louisiana

How long do we keep failing our children?

It's time to improve our schools and give all our children access to a good educational start. That's why Blueprint Louisiana, with input from people like you, supports expanding Louisiana's nationally-recognized Pre-K program and better preparing high school students for post-graduation success. And we need your help. Spend just five minutes at www.blueprintlouisiana.org to learn how you can improve not only education, but ethics, health care and roads, too.

Together, we will make it happen.

BLUEPRINT **LOUISIANA**

**It's time to create
the state we deserve.**
