

Louisiana has the lowest per capita income in the nation*

*Council for a Better Louisiana

How long do we let our workforce lag behind?

It's time to give our workers the skills they need and provide our employers the workforce they deserve. That's why Blueprint Louisiana, with input from people like you, has a plan to strengthen our community and technical colleges, help our workers earn more, and grow the state's economy. And we need your help. Spend five minutes at www.blueprintlouisiana.org to learn how you can improve not only our workforce, but ethics, health care and roads, too.

Together, we will make it happen.
